

The
Peoples Bank
Co.

Member FDIC - Equal Housing Lender

The Nationwide Mortgage Licensing System & Registry (NMLS) is the legal system of record database for online registration and licensing of mortgage lenders/brokers, professionals or regulators in all participating states, the District of Columbia and U.S. Territories. NMLS was created by state mortgage regulators in 2004 as a response to the increased volume and variety of residential mortgage originators and the need to address these changes with modern tools and authorities.

You may visit the [NMLS Consumer Access](#) page, which is a free online service that allows consumers to verify state licenses of a mortgage professional or mortgage company with whom he or she wishes to conduct mortgage business.

The Peoples Bank Co. is licensed through the Nationwide Mortgage Licensing System & Registry, with NMLS ID #609372. The following is the list of our bank's Mortgage Loan Originators and their respective NMLS ID numbers:
